## DOOMED TRAPPER GETS RELEASE FROM AGONY

Quickly as the Silent Wings of Death The Poison Speeds Through Unfortunate Man And Brings End.

In the throes of unutterable agonies, J. W. Scantlin, the trapper who Saturday was brought to the county hospital a victim of hydrophobia, died at midnight Sunday. The last hours of the unfortunate man were spent under the influence of opiates. These, while they cancelled mental appreciation of the terrible suffering, did not keep the victim from tearing hideously at his face in his sub-conscious efforts to gain relief.

Physicians say Scantlin's case of the dread affliction was one of the most rapid and virulent that has ever been known in this district. While the poison was a long time making its manifestation it worked with deadly relativity. A month and ten days passed before the victim noticed anything wrong. Three days after he marked the first symptoms he was a corpse.

The fatal working of the affliction when once it showed unmistakable indications of hydrophobia was quicker than the wings of death. Not till Sunday, the day after he reached the hospital could the consultation of physicians determine beyond all doubt that the strange actions of the unfortunate man were hydrophobic symptoms. But about midday Sunday seizures of the poison set in and through the afternoon were enacted the most heart-sickening scenes ever beheld at the hospital.

As the grip of the malady grew severer Scantlin nothing short of a madman, dug at his cheek and forehead where the venomous varmint bit him till he ripped the scar from his brow.

In the later stages of the end the

### BRYAN DECLARES HUGHES NATURALLY SIDES WITH TRUSTS

STILL HARPS ON PUBLICITY OF CONTRIBUTIONS FOR ALL CAMPAIGN PURPOSES

By Associated Press.  
LINCOLN, Oct. 12.—In an address at the state university this afternoon Bryan attacked the arguments of Hughes in defense of the Republican platform, dwelt upon the difference in the platforms relating to publicity of campaign contributions, and discussed the propriety of Roosevelt in supporting Taft.

He attacked the Republican position on the tariff. In regard to the veto of the two-cent passenger bill by Hughes, he said he may not have done so on account of the contributions of Gates, Schwab, and others, but it "may be a natural disposition to take sides with the trusts against the people."

### TURKEY ANSWERS.

PARIS, Oct. 12.—Prince Ferdinand, as "Czar of Bulgaria," made a triumphal entry into his capital amid scenes of patriotic enthusiasm. A Turkish cruiser with three torpedo boats arrived at Salonika by way of Samos, a Grecian possession. This is Turkey's answer to Cretan union with Greece. For a moment there was a little talk of war, but even Serbia seems to be taking a calmer view of the situation.

poor man at time imitated the antics of a quadruped. Beckoned to, he would trot up to a person as a house dog. The quick death was merciful.

Scantlin will be buried today at 11 o'clock in the Citizen's Cemetery.

The dead man is survived by a wife, two sons and a daughter. One son, W. E. Scantlin, a seventeen-year-old boy, was trapping with his father at the time the skunk attacked the old man. The remainder of the family is in Oklahoma.

Scantlin was fifty-two years old. He had been trapping in this country since 1899.

His son will leave at once for Oklahoma. He brought in from the Scantlin camp the pelts of eighty-seven coyotes and eight wild cats.

## SMALL GOTHAM REGISTRATION WORRIES

NEITHER PARTY UNDERSTANDS MEANING OF FAILURE OF NEW YORK VOTERS TO QUALIFY

Special to the Journal-Miner.  
WASHINGTON, Oct. 12.—Republican and Democratic politicians have a guessing match as to which ought to be the more worried over the decrease in registration in New York and elsewhere. It is taken to indicate a state of apathy which it was thought had been dispelled by the letters of President Roosevelt and Mr. Bryan and other doses of "ginger" which have been injected into the campaign. It is an all around peculiar year in politics, and there is no way to determine whether Republicans or Democrats would suffer the more by reason of a light vote.

There is a pretty general belief that Mr. Roosevelt will accept the light registration as sufficient reason why he should take further part in the campaign, and announcement to that effect from the White House may be expected at any time. This election is not going by default if the president can help it, and he has only been waiting to determine whether he could maintain silence without danger of such default.

The last three weeks of the campaign are going to be as strenuous as the party managers can make them. The voters have got to be aroused, and if epistolary efforts will not arouse them recourse will have to be had to the time-honored methods of red fire, brass bands and spell-binding. Of course, these adjuncts will be employed in any event, but the bigger the guns that can be fired the more noise there will be and, supposedly, the enthusiasm will be correspondingly greater.

### DOLLIVER CASTS SPELL.

Brilliant Orator Delivers Eloquent Address to Angelinos.

LOS ANGELES, Oct. 12.—Senator Dolliver addressed an audience of five thousand persons tonight on the political issues of the day. He paid a high compliment to Bryan, but his mention of Roosevelt elicited prolonged applause. He said the paramount issue of the campaign was the perpetuation of Roosevelt's policies. He closed with an eloquent tribute to Taft, and predicted his election.

## TIGERS CLAW CUBS TO BITS IN THIRD GAME OF BASEBALL SERIES

Tigers Start a Merry-Go-Round in Sixth And Eighth Innings Scoring Tallies at Random.

By Associated Press.  
CHICAGO, Oct. 12.—Detroit became a real contender for the world's championship today, defeating Chicago 8 to 3. Mullin, of Detroit, held the Cubs to seven scattered hits, and passed out but one man to base.

Pfeister's left handed shoots for the most part failed to puzzle the Michigan batsmen. He issues two passes, was hit for eleven singles, two doubles, six hits coming in the sixth inning and netting five runs.

The crowd in this inning was insistent upon Pfeister's retirement. Chance only smiled cheerfully, and ignored the request.

Tyrus Cobb, whose playing a year ago was a disappointment, batted .800 per cent today, making three singles and a double out of five times up.

Others whose work contributed to the victory were Cleary, Crawford and Rossman, each of whom made two hits, although Rossman and O'Leary were both charged with errors.

To Mullin is due the greatest credit and was awarded by the spectators.

Despite the fact that the sun shone brightly and the temperature was higher than yesterday, only 14,453 paid admissions were registered, total receipts being \$22,867.

Detroit was first to score. O'Leary lined out a safe hit with one out, went second on Crawford's out, and scored on Cobb's single short to center.

In the sixth inning Detroit came up from behind and won the game. Mul-

len walked, McIntyre singled, and O'Leary bunted, filling the bases. Crawford then knocked a hot grounder to Chance, too hot to handle, and Mullen scored. Cobb beat out a bouncer, and McIntyre scored. Rossman then singled, scoring O'Leary and Crawford, Cobb reaching third. The balloon was about to go up, when Hoffmann captured Schaefer's fly at center, and by a perfect throw caught Cobb at the plate. Thomas doubled, scoring Rossman, but Evers threw Coughlin out at first.

In the eighth inning Cobb doubled, Rossman beat out a bunt, and Schaefer flew out to right field. Rossman reached second, but Cobb was held at third. Thomas walked, then Cobb scored on Coughlin's out to Scheekard. Mullen hit safely, scoring Rossman, but McIntyre grounded out to Steinfeldt.

Chicago scored only in the third inning. After Scheekard struck out Evers was passed. He was caught off first, ran for second, and was safe on Rossman's high throw. Schulte fouled out, but Chance singled, scoring Evers. Chance stole second, and same home on Coughlin's bad throw of Steinfeldt's grounder. Steinfeldt scored when Hoffman tripled to left.

The score: R. H. E.  
Detroit ..... 8 13 3  
Chicago ..... 3 7 0  
Batteries—Detroit: Mullen and Thomas; Chicago: Pfeister, Ruebach and Kling.

## TAFT VENTURES INTO FORAKER STRONGHOLD

PUTS FORTH HIS POSITION ON LAZOR IN STRAIGHTFORWARD MANNER AND RAPS GOMPERS

By Associated Press.  
AKRON, Ohio, Oct. 12.—Seventeen Ohio towns head and saw Taft today. He talked from Cincinnati to Akron, through a portion of the state conceded to have been a Foraker stronghold, with a portion of the territory Democratic.

His important speeches were at Zanesville, Cambridge and Akron. At Zanesville his speech went after both Bryan and Gompers.

Regarding his decisions while on the bench he said he laid down the principles upon which labor organizations of the country built up prosperity.

In regard to Panama he said when he decided against laborers in the question of wages they elected him a member of the union after an explained reasons for his action.

## DEMOCRATIC SENATORS OPPOSE COMMONER'S POLICIES

By Associated Press.  
SALT LAKE CITY, Oct. 12.—If Bryan were elected his administration would be fought by a powerful element in his own party, is the principal argument in Senator Beveridge's address tonight.

He asked if Bryan was willing a public poll of Democratic senators should be taken whether they would support or oppose Bryan's principal policies.

He predicted if the poll were taken it would show greater opposition to his policies proposed than any opposition of presidential policies since Jackson's days.

## ARMIES BIVOUAC ON EVE OF BATTLE

ARIZONA'S SOLDIER BOYS TO START FOR TERRITORY THURSDAY, FOLLOWING CALIFORNIA

By Associated Press.  
CAMP ATASCADERO, Oct. 12.—Regulars and militia tonight are bivouacing in the hills and valleys hereabouts preparatory to the battle between the "red" and "blue" armies tomorrow.

Sentries and patrols are guarding the approaches on both sides.

Six miles divide the lines of the two armies, but the outposts are keenly alert for unexpected surprises. Cavalry patrols of the two forces are expected to come in contact at eight tomorrow, and the outcome of the battle that ensues depends upon the strategy of the two commanders, Col. Frederick Smith and Lieut. Col. Moon, who have tactical disposition of their respective commands.

The California guard break camp on Wednesday, and the Arizona militia on Thursday.

### GOVERNMENT BUYS SILVER.

WASHINGTON, Oct. 12.—The treasury today purchased 100,000 ounces of silver for delivery at New York at \$51.545 a fine ounce.

### KILLED BY POSSE.

AUBURN, Cal., Oct. 12.—J. P. Garred, who Sunday slightly wounded Louis Fuller and his wife Berta, in a Dutch flat, was killed by a posse this afternoon. One of the posse was wounded in the leg by Garred.

## PEACE DOVE SEEN IN BALKAN WAR CLOUDS

Great Britain Changing Front Agrees To Act With Russia to Bring About a Conference Of The Powers.

By Associated Press.

PARIS, Oct. 12.—The Balkan situation, both diplomatically and locally, is regarded as brighter today. Cambou, the French ambassador at Berlin, reports that Germany is ready to participate in the proposed conference. Official advices from London leads to hope for an early agreement between Foreign Minister Iswolsky of Russia and Secretary Grey of Great Britain. It is understood here that Grey does not oppose the conference dealing with questions in Argelaines, provided Turkey consents.

LONDON, Oct. 12.—Iswolsky succeeded today in impressing upon Sir Edward Grey the necessity not only that a conference of powers should be

held to settle the near east crisis, but the conference should take under advisement other questions besides those involved by the annexation of Bosnia and Herzegovina, and the declaration of Bulgarian independence.

A change of front on the part of Great Britain, which caused great surprise, was announced by the foreign office at the conclusion of a long conference between Grey and Iswolsky after the meeting of the cabinet at which Grey set forth the position he had taken, and explained his views to the Russian minister.

Purportedly the statement that other questions would probably be discussed at the conference, nothing official could be ascertained as to questions Iswolsky desires to include.

It is doubtful if the conference is decided upon what shall be taken up in addition to the two actions which brought about the crisis.

It is doubtful if Russia is anxious to reopen Dardanelles for the present, for if this is done, it must be for all nations, and Russia is not likely to desire that while her fleet is so weak. Besides, other treaties in addition to the Berlin treaty would be involved.

The only point, apparently, Great Britain is counting upon, is no modification treaty can be permitted without the consent of all parties to the treaty. What can be served by this is not stated, but it hardly can be expected that Bulgaria or Austria-Hungary will consent to restore the legal status in Bulgaria, Bosnia and Herzegovina, before the questions of independence and annexation are considered, as the powers are decided must be done in respect to Crete.

## KOREANS KILLED BY JAPANESE SOLDIERY

NIPPONESE SHOOT MEMBERS OF PRO-JAPANESE SOCIETY MISTAKING THEM FOR BANDITS

By Associated Press.  
SEOUL, Oct. 12.—It has just been learned that twenty-two members of the "I. I. Chin Hoi," a pro-Japanese organization in Korea, were killed by Japanese gendarmes at Cho Lado a few days ago.

The affair was kept quiet, but has caused much uneasiness because it might be considered a ruthless slaughter of inoffensive Koreans by Japanese soldiery, was calculated to confirm previous reports of cruelty practiced by Japanese in Korea.

Marquis Ito, in Tokio, was informed of the occurrence.

It is understood a cabinet council will be called to consider the question and decide upon future action.

As a consequence of many conferences a report is widely circulated that the Japanese government is decided to annex Korea immediately.

Associated Press is assured this is untrue.

It is explained the Japanese took the Koreans for a band of insurgents.

### STRIKE UP THE BAND.

Whipple Troops to Draw Their Pay at Wickenburg

WICKENBURG, Oct. 12.—Not to be outdone by Phoenix or Camp Atascadero, Wickenburg is to have a military encampment and is to witness the pomp and panoply of war. The troops stationed at Whipple barracks are to set out shortly on a practice march under command of Lieutenant Baker. They propose to reach Wickenburg about October 15.

At Wickenburg a rest of a day or so will be taken while the troops welcome the paymaster who is to meet them there and scatter around a little government money. It is estimated the disbursement will amount to between \$2500 and \$3000, and it is hardly likely that all of it will be taken away from the Hassayampa village by the soldiers. They like to have a good time on payday just like other people and Wickenburg will probably get some of the benefit of it.

From Wickenburg the soldiers will march to Castle Hot Springs, where they are expected to arrive on the 17th.

### SILVER MARKET.

NEW YORK, Oct. 12.—Silver 51%; Mexican dollars 45.

## OHIO, INDIANA, ILLINOIS ALL SURE STATES FOR TAFT

CHAIRMAN HITCHCOCK DECLARES BRYAN CHASES BUBBLES IN EXPECTING TO WIN OHIO

By Associated Press.

NEW YORK, Oct. 12.—Hitchcock today said he saw no justification for Democratic hope of success in Ohio.

He said Republican success in that state was assured.

Chairman McKinley, of the congressional committee, said Indiana was certainly safe for the Republicans.

He declared Illinois not only would elect every Republican congressional candidate but would give Taft and Sherman a majority. He said the next lower house would be Republican.

Hitchcock announced tonight that as successor would be appointed to Du Pont, who resigned the chairmanship of the Speakers' Bureau.

### EMINENT SMELTERMAN HERE.

W. D. Leonard, connected with the Guggenheim smelter interests the last twenty years, stopped over here Saturday to visit his brother, S. B. Leonard, assistant general manager of the Verde River Copper Company. Leonard is on his way home to Salt Lake City from a tour of Arizona and New Mexico. He left Sunday morning for Jerome, where he will visit the United Verde smelters. Before leaving, he stated that he was very favorably impressed with Arizona. Its modern buildings, enterprising people and mineral possibilities. He regretted that his business engagements prevented him visiting the large mines of the territory.
